## President's Message

If April showers bring May flowers, what do Mayflowers bring...Pilgrims. Stop rolling your eyes, and let your eight-year-old-self have a good laugh. This was hilarious in elementary school. Now, 40 plus year later, I have learned that May flowers bring allergies! Allergies are in full bloom (pun intended). For me this is the time of year I dread; the sniffing, sneezing, stuffy-head symptoms just put me in a bad mood. To get out of this mood, I am going to dig deep and channel my inner Kathie. No, I don't suffer from multiple personalities. We all have that one friend who can find the best in every situation. For me, this is our neighbor Kathie Wilson. For those of you that know her, you will know exactly what I mean. She is a forever optimist. I swear she can find the one redeeming quality in a person on death row for murder. So, seeking something to put a positive perspective on allergy season, I channeled Kathie and went to the world wide web in search of positivity. I began with the pesky yellow powder that covers every square inch of our beautiful community; that is pine pollen. According to secrets-of-longevity-in-humans.com, "Pine pollen powder

benefits all living things by being the most potent plant source of testosterone known. This incredibly potent androgenic substance literally gives a much needed growth and libido boost to almost all plants and animals that come in contact with it after a long winter's hibernation." Hmmm...interesting... tell me more. It may help increase muscle mass, keep skin smooth and tight, optimize tissue regeneration, and speed up metabolism. Welcome pine pollen! I'm ready to go dance in the yellow stuff that from now on will be referred to as magical golden fairy dust.

So, let's keep with the "dancing in the dust" theme for your act of good neighboring this month. I would like you to channel your inner \_\_\_\_\_ (insert positive friend name her) and think of the one thing that bugs you about our community and find the positive quality. I would love to hear about your experience. And, a big thank you to all that have commented about your experiences over the last few months. Thank you for participating and "I hope you dance."

## General Manager's Message

Here is the update about the work scheduled for the Pond between hole #11 and #16 as well as the ponds on #18. Winter weather didn't allow the work we had hoped to do in January to occur and the earliest we could start would be sometime in mid-May to early June. So in order to not interrupt the main part of our golf season, we have decided to push the pond lining work to start in September.

Terry will get the ponds repaired and fill for the summer. We will then plan to drain them after the member-guest golf tournament and hope the hot August weather will dry them out quickly.

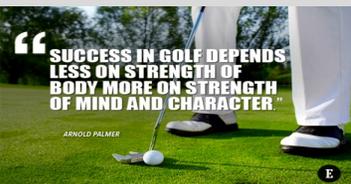

On another subject, in the past few years I have had an open door policy. While my door is still open to anyone, I would ask that if you have a matter to discuss or you are seeking information, please call and schedule an appointment so I can be sure to be available. Every day and every week are different for me, so Judy will know when I can be available and will be able to set appointments as well.

I will be spending more dedicated time to specific efforts both in managing the affairs of TLV as well as developing new revenue streams for TLV. To ensure that I remain available to all members of TLV, appointments have become necessary.

Finally, on another note, many of our fish in the #15 pond were lost this past winter due to the fish reaching old age. In the past, Mel Pasta, was the generous soul who restocked the pond at his expense; just one of the many legacy contributions Mel made for TLV. We do plan to restock and if you would like to help in that effort, donations are being accepted in the Administration office. The total bill will be around \$700 to include a new fish food dispenser. The money taken in from the fish food dispenser funds the replacement of fish food and thanks go to Teresa McGinnis who continues to volunteer to manage that for all of us.

All my best wishes for good health and lots of fun.

## New Member-Guest Requirement

The Member-Guest Committee has made a decision to require at least ten (10) scores be posted between the Member-Guest Tournament dates (August to August) in order for members and their guests to qualify for participation in the tournament. Please remember to post **ALL** of your scores correctly, even if you don't finish a complete round.

Thanks for helping to keep this tournament healthy and strong to benefit Hospice of North Idaho!

## News from the USGA and your handicap chair...

This year there have been a few changes and clarification in the Rules of Golf. This is a move towards a worldwide system of rules and handicapping that could occur over the next two years. The goal is to have one, possibly two systems instead of the multiple ones that exist now. This would allow a player to post scores using the same system anywhere they played. As a move towards this, one big change has been made. **You are no longer allowed to post a score when playing alone. This was a move on the USGA part to align with other systems. Everybody is doing a little give and take to make this move towards a worldwide system.**

Just a couple other reminders:

Posting of scores should be done on the golf shop computer the day of play. Internet scores and mobile apps scores are still acceptable, but if you fail to post the day you play and forget to change the date, your score will be entered on the wrong day. There is more emphasis being placed on peer review that scores are being posted correctly. Every time you tee up the ball, you should be posting a score. The idea that I am just practicing, so not posting is not acceptable. Practicing is done on the driving range. You might say, yea but I didn't play all the holes or I hit three balls out of bounds so picked up. The system allows for you to still post. If you don't start a hole, take par plus your handicap strokes for that hole. (If you aren't sure what that means, ask Darin, Russell or myself). If you don't finish a hole, take your most "likely score" on that hole up to your handicap limit. (Most likely score is defined as "the number of strokes already taken plus in the

*player's best judgment, the number of strokes the player would take to complete the hole from that position more than half the time. The number may not exceed the player's Equitable Stroke Control limit").* The system is based on each player trying to make the best score at every hole in every round. To post, you must play a minimum of 7 holes to post a 9 hole score. To post an 18 hole score you must play a minimum of 13 holes. For those holes not played, take par plus your handicap strokes.

This is a lot of information, but will try each month to pass on some little knowledge of the handicapping system. New rules books will be available in the pro shop during the season. There is a small charge, but worth it to have one.

Any questions, you can always ask Darin or Russell or myself.

**Mary Lou Bunn Handicap chair**

## Scholarship News

As I'm nursing a spring cold and at the same time wanting to get outside and dig in the dirt, I've had a chance to look out at our beautiful golf course and all of the flowers and trees that have bloomed around Twin Lakes Village. What a blessing to be a North Idaho resident!

Once again it's scholarship time and the applications have been collected from the three high schools in the Lakeland School District. Soon the scholarship committee will meet to evaluate the applications and start the process of choosing candidates to interview and after that, recipients of the TLV scholarships will be chosen. It's an exciting time of the year for students looking forward to college choices which in turn is a special time for the adults who serve on the Schol-

arship Committee at the behest of Twin Lakes Village.

The scholarships this year will be \$1,500 each at the recommendation of the Activities Committee last year. The money will be deposited in the recipients' college financial aid departments to be used for books, tuition and lodging in the 2016 - 2017 school year.

The committee would like to thank everyone who donated to the Twin Lakes Village scholarship in the Lakeland Education Foundation and for supporting the Golf Package program this past year. Without the Activity Committee's fundraising program, the scholarships would become non-existent and deserving students who need help might not be able to take advantage of post-secondary education. In the past, residents have contributed at year's end (the Foundation is a 501

(c)3 making donations tax deductible), have given memorial gifts through the Foundation and others have given "just because" they wanted to support the educational process for local students.

For those who wish to make a donation, contributions can be given to the Lakeland Education Foundation. Please make a note on the check's memo line that it's for the Twin Lakes Village Scholarship and mail to the following address:

**Lakeland Education Foundation  
P.O. Box 39  
Rathdrum, ID 83858**

What a great way to make a difference in our communities and exemplify the motto that Twin Lakes Village is a caring community.

## **A note from the Green's Committee**

Our first meeting will be May 5th at 9:00am in the conference room.

Just as an update: new rental fleet looks great! A word of thanks and appreciation to Terry and his "small crew". They as usual have done a wonderful job getting the course ready for another early opening. There are always some irrigation issues each spring that keeps them busy, plus just general maintenance on the golf course and don't forget, unlike most Course Superintendents, Terry and crew also have all the common areas to maintain, which includes the front entrance, the pool later this season and the beach front.

Some questions have come up about the ponds on the back nine. This was suppose to be done over the winter, but Mother Nature did not do us any

favours. Rather than tear up the golf course during the peak golf season, they will be filled and maintained after the Member Guest in mid-August and then drained down and if all goes well, be ready for liners.

As always, if you have concerns or questions we can help answer, let us know. The members of the committee are:

- Ken Degerman
- Frank Blum
- Don Puyear
- Mike Ruscio
- Fran Nocella
- Wayne White
- Mary Lou Bunn, chair
- Dale Hendrickson, board liaison

# GREETINGS FELLOW TLV PICKLEBALL ENTHUSIASTS!

Doris and I have wintered in the Coachella Valley and played lots of pickleball. There are eight courts here and they are pretty busy all of the winter season. There are a few very good players that participate in tournaments and then there is the rest of us that play for fun and meeting people.

There is a municipal park close by where the really good players congregate. Lots of fun to watch and admire their skill. When they ask us to play we gracefully decline.

We have heard from the grapevine that PB is alive and well thru the winter in No. Idaho and the TLV Club is ready to go. As soon as we get home, around May 12th or so and unpacked, we will set up a Club meeting to get input and suggestions for the 2016/2017 schedule and events.

The Northern Idaho Pickleball Association is active with their eight courts at the Cherry Hill Park and have scheduled a tournament for Aug 23rd—25th. Fun to watch, lots of pickleball items for sale and you can even enter at a level where you can compete. The following has the details and how to get more info.

Registration for this event is on [PickleballTournaments.com](http://PickleballTournaments.com). The event will be held at the Cherry Hill Park Tennis Courts, where we will have 18 pickleball courts set up.

The skill levels for the tournament will be 3.0, 3.5, 4.0, 4.5, and 5.0. It will be a Double-Elimination format. We will have Men's and Women's Singles, Doubles and Mixed Doubles.

We are officially a [USAPA Sanctioned Tier 3 Tournament](#). USAPA membership is required to participate in this tournament. We will offer the opportunity to sign up or renew their membership dues at the tournament. [Click here for more information about how to become a USAPA member.](#)

- ◆ Registration begins 1/1/16
- ◆ Early bird registration ended 4/1/16
- ◆ Registration deadline: 8/18/2016
- ◆ Tournament is being hosted by the [North Idaho Pickleball Association](#)
- ◆ [Download a PDF Flyer](#) for the tournament to distribute

Stay tuned, more to follow.  
**Ron Jackson**

*We will be starting pickleball again soon. Watch for news on the Nextdoor postings after the first of May.*

## CALLING ALL TENNIS PLAYERS...

**The first and only tennis meeting will be held Monday, May 23<sup>rd</sup> at Charlotte's house (cookies will be served).**

We will schedule play times, and plan the tournaments for the season. Play times now are Monday and Friday at 10:00am for women, Tuesday and Thursday at 10:00am for men, and Saturday mixed at 10:00am. As the weather gets warmer we will start earlier in the morning.

Come join the tennis fun, call Mike or Charlotte for information.

# Message from the Architectural Committee

Spring has arrived at Twin Lakes Village and most of our Snowbirds are returning! Now is the time to take a look around your property and make a list of things that need to be done. There are bushes to be trimmed, flowers to be planted and it's a good time to take a look at roofs and paint that may need attention.

One of the duties of the Architectural Control Committee is to make sure that Twin Lakes Village remains a beautiful place to live. Each year we do a "drive around" in June to note any properties that need attention. If there are issues with your property, you will receive a letter from our TLV Manager indicating the problem. The easiest response is to address the problem. If you disagree with our observation, we are always open to discussion.

Thanks to all of our property owners who make this such a wonderful place to live.
